With Uplanders

OUR WINNING AWARD

Once a fellow possessed a very strong fighting rooster. He was a huge fellow with powerful legs and his spurs were long and sharp.

But he never won a fight. When the going was good and he seemed to have the situation well under control, he would always stop and crow.

It so happens, The Upland News was one of the 10 California weekly newspapers awarded a prize at the recent newspaper convention.

Of course, The News could not in itself win a prize—without the wholehearted cooperation of the community.

We are mighty proud to publish a prize-winning newspaper but may we hasten to add we are not crowing about it, merely reporting to the community that Upland has one of the best community newspapers in the state.

A total of 417 entries were in the various contests and newspaper people up and down the state awaited with interest the results.

Some contests concerned the excellency of production, the best appearing front page, sport page and women's page. The News entered the contest dealing with newspaper promotion.

About eight months ago, The News published the names and addresses of its subscribers, a very unusual thing for a newspaper.

This edition, along with many other circulation reports in The News, were used in forming a contest entry.

The News—and Upland—received much recognition for the entry and being selected among the top 10 papers in the state.

CANDIDATES

An interesting election is ahead for the city and the county. Feb. 16 is the first day nominating petitions may be obtained for the city council election—and we already have four persons for whom documents will be issued. March 4 is the deadline for nominations. It is likely several more persons will be in the race.

One observer forecast that half a dozen persons are "thinking" of becoming candidates for county supervisor from this area. While he hasn't said so definitely, Will R. Mason will no doubt be an active campaigner for reelection.

The first opponent of Sheriff Eugene L. Mueller has entered the campaign this week. He is Frank Bland, Needles police chief, who has been given a five-month leave of absence for campaigning.

Incidentally, H. R. Van Brunt is the first candidate for the Ontario city council. Oregon Smith and Mrs. Celesta Walters Scott are going to retire from the council.

If Mayor G. E. McQuatters decides to become a candidate for county supervisor—and wins—then his place will be filled later in the year.

BIRTHDAY ANNIVERSARIES

For many years it has been customary for all the banks and other institutions to close on our birthday anniversary. Elsewhere in the paper today, Allan Barr, however, announces his First National bank is going to remain open on our birthday and Feb. 22.

Such a program doubtless is in keeping with our fast-moving "progress." In any event, Abe Lincoln and we are doing all we can to keep Feb. 12 the famous day it should be.

BUYING GOOD CONCERTS

If a thousand or two families in the Chaffey district join the Community Concert association, this area will again be privileged to have nationally-known artists coming here. Memberships will cost only $6 for adults and $3 for students.

A very active sales campaign will be conducted during the week of Feb. 22. More people are needed to help sell tickets—and there is an inducement for those who participate. Interested people are urged to telephone Jack Clark at 63-0187 right now and volunteer.

Incidentally, memberships may be purchased only during this sales week. The Colborn Electric Co. will be the local sales headquarters.

GOOD LOGIC

"Don't try to buy a thing too cheap.

"From those with things to sell,

"Because the goods you'll have to keep.

"And time will always tell.

"The price you paid you'll soon forget

"And the goods you get will stay.

"The price you will not long remember—

"The quality you may."

ALMOST POSTMASTER

Roy a Ray is almost our postmaster.

For a lifetime, he has been working in the postal service and in recent years he has been acting postmaster.

President Dwight Eisenhower has submitted his name for permanent appointment. Until the U.S. senate formally acts on the nomination, Ray will be our "Almost Postmaster."

Four To Enter Councilman Contest

Donald Carr

Marvin Dunn

Robert A. Thrall

Abner Haldeman

Abner Haldeman Allows Name On April 13 Ballot

Abner Haldeman, business manager of Upland college, will allow his name to go on the April 13 ballot as a candidate for the Upland city council.

Three other persons have indicated they will be candidates in the bi-annual selection of city councilmen. Three places are to be filled.

Mr. Haldeman resides with his family at the northwest corner of Seventh street and Mountain avenue. Prior to joining the staff of Upland college nine years ago he was connected with business firms in Orange county. His work at the college is that of purchasing, accounting and general management of the expanding educational institution.

OTHER CANDIDATES

Others who have indicated they will become candidates are Robert Thrall and Donald Carr, incumbents, and Marvin Dunn, former commander of the Upland American Legion post and former president of Upland Little league.

Mr. Haldeman emphasized that he was actually not seeking the position and that he had consented to allow his name to go on the ballot only after a group of friends and acquaintances had contacted him over a period of several weeks.

VITALLY INTERESTED

"If the people want me I will give my best to the city," Mr. Haldeman said. "I am vitally interested in helping create the best possible community."

February 16 is the first date for issuance of nominating petitions and March 4 is the deadline for filing. To be qualified to vote in the municipal elections, a citizen must have registered in Upland not later than February 18.

Archibald-Etiwanda Avenues Are Heavy Industry Boundaries; Lucas Ranch Rezoning Underway

An area, six square miles in size is scheduled to be designated as sites for "heavy industry" if plans now developing in the county courthouse materialize.

Site of what has been termed "the new industrial center" of Southern California begins at Archibald avenue and extends east to Etiwanda avenue and extends from the Santa Fe right-of-way south to Fourth street.

280 ACRES APPROVED

Already approved by the San Bernardino county planning commission is the rezoning of 280 acres of the Lucas Ranch Co. property on the east side of Archibald in Cucamonga. Another public hearing will be held by the county board of supervisors on this zone change application. The planning commission is instituting a zone change for most of the other property extending east to Etiwanda avenue.

Paul Lucas, representing one of the owners of the Lucas Ranch Co., said there is no definite commitment for industrial development of the property. He explained that "several possibilities are ahead."

DISPOSE OF HOLDINGS

The company, long established with a peach packing plant on Archibald, is preparing to dispose of its holdings in that area, he explained.

On the eastern edge of the new proposed county industrial area is the recently completed Southern California Edison Co. steam generating plant.

John H. Clark, Fontana realtor, who represents owners of property east of Cucamonga, said he was not at liberty to state who recently purchased several hundred acres in the district.

Much of the land concerned in the rezoning program is now producing grapes.

Darlene Keefer Is Queen

Darlene Keefer is this city's 1954 "queen" and the Upland representative at the National Orange show.

Chosen the queen from among five contestants, the Chaffey high school senior will soon compete with queens in many other cities for the honor of Orange Show queen.

She is the daughter of Mr. and Mrs. J. C. Keefer, 423 Sixth avenue. She is a mid-term graduate of Chaffey high school.

Paul G. Hottel, chamber of commerce president, presided at the contest in the Elementary school auditorium last night.

For Early Spring Construction

Legion Planning New Building

A new meeting hall for Post 73 of the American Legion is being planned for construction this spring.

Sketches of the proposed building are now being planned, with Sherman Bennett serving as chairman for this initial procedure for the Legion post. Mr. Bennett proposes to submit the sketches to the membership at the February 17th meeting.

To be built on the present Legion grounds on East Arrow highway, the new Legion building will face Arrow with the present building retained in service at the rear of the new structure. The present facility will be realigned on the property for best use in conjunction with the new building, according to Don Ricci, post adjutant.

The larger facility is greatly needed for the Legion activities, and for meetings and dances of other Upland organizations. The present kitchen and dining facilities will be enlarged.

Construction is due to begin on the buildings by early fall, and block construction with concrete flooring are tentatively planned. The building will consist only of a large hall designed to accommodate several hundred persons for meetings and dances.

Red Hill Names Two Directors

Commander Claude L. Boles, USN-Retired, and Mitchel A. Thompson are the two new directors of Red Hill Country club who met with the board in its reorganization meeting for the first time last evening.

The two new directors were elected at the annual meeting of the local country club on Thursday of last week.

Holdover directors include C. C. Denio, secretary, Red Hill; Bert Harvey, Jr., Pomona; Lloyd M. Dickens, treasurer, and Rolla Moore, Upland; and Edward A. McNally, vice-president, Pomona.

The board was without a president until last night's reorganization meeting as President Lee D. Ruppert of Pomona was one of the two retiring members. N. E. Trautman of Ontario also retired from office.

Mrs. Edward J. Pollack, 2395 Park boulevard east, is the recipient of the Honorary Life membership awarded by Upland Elementary and Junior High P-TA.

The award was made to Mrs. Pollack for her outstanding contribution to the youth in this community and for her many years of devotion to parent-teacher work.

Currently serving as second vice-president of the P-TA, Mrs. Pollack was recognized for spearheading the work of the Assistance league of Upland in establishing and operating the Cucamonga Youth center which serves 500 Spanish-American children.

City Map Brochures Available Today

Copies of new Upland city maps are available today.

Upland chamber of commerce is making available to all interested persons new maps, copies of which also contain general information about the community. A street index, including all the new thoroughfares, is an aid in enabling people to find all local addresses.

Chamber directors approved the new map and informative folder at their February meeting Tuesday night. President Paul G. Hottel presided. Others in attendance were Dr. John N. MacFarlane, Spencer Smith, Ray Davis, Harold Silverthorne, H. C. Van Dusen, Mrs. Edna Tacke, Mrs. Dorothy Gardner and Mrs. Lillian Hilde, the latter being secretary.

$500,000 Phone Center Approved

A short distance east of the site for the Upland high school campus will be constructed a $500,000 building by the General Telephone Co., final approval of the project having been given at the meeting of the Upland city council Thursday night. First reading was also given an ordinance changing the zone from residential to special so the structure can be constructed.

Only the automatic dial equipment will be housed in the new two-story structure, which will cover an area 95 feet by 95 feet. Space will also be provided for an additional one-story unit on the rear of the structure as expansion is required.

While the company recently purchased five acres from E. D. Beard, only a portion of the site will be used by the company, according to Marshall Taylor, secretary and attorney for the company. The Firm's commercial office will be maintained in "downtown Upland," at or near the present location, he said.

A similar automatic dial center is planned in Ontario due to the steady growth of the two communities, he reported.

Site of the new Upland building is on the south side of Foothill boulevard, about a quarter of a mile west of Euclid avenue. The building grounds will be landscaped to provide suitable surroundings for adjoining residential development.

News Wins Statewide Contest

As the result of The Upland News' outstanding circulation record during 1953, Upland's newspaper today is in possesion of a first place prize in a state-wide contest among newspapers.

A plaque, indicative of first place in the promotion contest, was awarded The News at the annual convention of the California Newspaper Publishers association in Los Angeles Saturday.

While the contest did not directly concern circulation, The News' promotion entry was made possible by the newspaper's increase in the number of subscribers.

Publication of the "subscription list" edition by The News was the main feature of the entry in the promotion contest.

ONE OF 10 WINNERS

The News was one of 10 California weekly newspapers receiving top awards Saturday morning. Governor Goodwin Knight presented a plaque to Vernon V. Paine, publisher of The Upland News, on behalf of the association.

Many of California's 300 weekly newspapers submitted entries in various contests.

In many of its issues during 1953, The News told of its steady increase in circulation and of its method of greeting new residents. All of this type of "promotional material" was included in the newspaper's entry in the promotional contest. The eight-page subscription list edition issued in April, was a special feature of the contest entry.

Rosalie Mandala and Leo J. Patella Are Wed in Sacred Heart Church

On their return from a honeymoon trip to the middle west, Mr. and Mrs. Leo Joseph Patella will establish their home in San Diego.

Their wedding was solemnized in double-ring rites in Sacred Heart church in Los Angeles on Sunday afternoon, January 31, in the presence of nearly 300 relatives and friends. Father Kennedy officiated.

The bride is the former Rosalie Vera Mandala, and is the daughter of Mr. and Mrs. Frank Mandala, 1084 North Euclid avenue. The bridegroom's mother is Mrs. Ann Patella, 6610 Julie street, San Diego.

Two large baskets of white stock, gladioli and snapdragons decorated the church chancel, and on the altar were bouquets of the same flowers. White satin bows marked the pews.

Given in marriage by her father, the lovely bride was gowned in candlelight satin. The fitted bodice was fashioned with a portrait neckline appliqued with imported rosepoint lace embroidered in pearls and the long, pointed sleeves had the same decoration at the wrists. The full skirt swept into a two-yard train. Completing her costume was a full-length illusion veil secured by a headdress of lace embroidered in pearls, and she carried a cascade bouquet of white phalaenopsis orchids, lilies of the valley and hyacinths.

The maid of honor, Miss Lorraine Patella of San Diego, sister of the bridegroom, and the bridesmaids, Miss Esther Sanfilippo of San Diego, Miss Joann Cusimano of Alhambra and Miss Rosemary Brancacio of Cucamonga wore similar full-skirted gowns of coral nylon net over pink, giving a shaded effect. Accenting their gowns were crowns of rhinestones with matching earrings. The honor attendant carried a fan-shaped bouquet of white hyacinths and white tulips, while the bridesmaids carried cascades of white camellias.

Frank Cresci of San Diego served the bridegroom as best man and the ushers were Laurence Patella, brother of the bridegroom, Frank Dragna and Sammy De Mario, all of San Diego.

The mother of the bride was attired in a gown of imported salmon-colored chiffon shantung, with trimming of brown Chantilly lace, with matching brown lace hat and brown accessories. Her corsage was of brown orchids. The bridegroom's mother chose a blue lace gown with white accessories, and a corsage of white orchids.

The wedding guests were entertained with cocktails and dinner in the evening at the Los Angeles Breakfast club, where the bridal couple cut the first slice of an elaborate five-tiered cake circled with white camellias and maidenhair fern.

A native of Upland, the new Mrs. Patella was graduated from Chaffey high school with the class of 1950, and has been employed as a secretary for the Sunkist Growers in Ontario.

The bridegroom, a native of San Diego, received his schooling there and served for three years in the U. S. Army. He is engaged in the restaurant business with his uncle.

Robert Thrall Passes CPA Test

Robert A. Thrall is today waiting to receive the official documents entitling him to the enviable rank of "Certified Public Accountant," following a report he had successfully passed the examination conducted by the state board of accountancy.

He earned the rank of "CPA" in passing at one time all four phases of the examination, covering auditing, commercial law theory and practice of accounting.

The examination was conducted last fall, 500 persons taking the tests in Los Angeles. Frequently an applicant passes only one or two phases of the test at one time but the Uplander made an enviable record in getting a "B" grade on all of the examinations.

He was discharged from the army at the close of World War No. 2 with the rank of second lieutenant. He is the son of Col. and Mrs. C. Burton Thrall of Colton. His father is county superintendent of public instruction.

With his wife and two children, the new CPA resides at 566 Sixth avenue at present but this spring the family will move to their new residence being built on the west side of Euclid avenue north of Eleventh street.

Valentine's Day Reminder For Heart Campaign

Sunday is Valentine's day, February 14, and it falls right in the heart of the Heart fund drive in Upland.

Fire Chief Howard C. Paulin, chairman of the Heart fund campaign in Upland, asks Uplanders to let Valentine's day be a reminder for them to contribute to the Heart fund.

All Upland Volunteer firemen are accepting contributions to the Heart fund. Residents desiring to have a fireman come to their homes for contributions should call the fire department, phone 31-7140, and make a request.

As heart trouble is one of the big occupational hazards of firemen, the local volunteer firemen last year undertook the annual fund drive as their project. In the first collection, only $250 in contributions were received but Chief Paulin expects the figure to be considerably higher this year.

Developments Are Approved

Development of an eight acre citrus grove into a 16-home residential tract is nearer a reality today as the result of the Upland city council giving tentative approval of the project Thursday night.

Site of the proposed development is the southwest corner of Euclid avenue and Twenty-second street. E. R. Gieser is owner of the property. A "self-contained" residential plot is planned by Lloyd Butler, local developer, with all but two of the lots being one half acre in size.

The large dwelling on the corner will remain. Orange trees will soon be uprooted in clearing the property for a developing cost of more than $200,000.

Also approved by the council was the proposed construction of multiple family houses on 30 lots in the area east of Campus avenue between Sycamore court and Ramona freeway. Paul Bleiler and Douglas Robertson are developers of the proposed tract.

Records of survey leading to new developments were approved for the following persons: R. C. Jensen and Frank E. Crum, Jr., who are scheduled to build new houses in Highland court near Eleventh avenue; Fred J. Proctor who plans a development on the south side of Seventh street, one-fourth of a mile east of Benson avenue.

Grabbing a 23-9 lead to close the first period, the Panthers faced a fighting Santa Ana crew in the second period as their lead was narrowed to 36-26 by intermission time. Chaffey came back in the third to pour in the points so that Coach Harvey Shirk used his reserves freely in the final quarter.

Freeway Bridge Width Opposed By City Council

Seeking to get the "department of public works to live up to its agreement in widening the Euclid avenue bridge over the Ramona freeway," the Upland city council is today awaiting the effect of a recently adopted resolution.

Clyde V. Kane, engineer for the state highway commission in San Bernardino, received the resolution following the city council meeting Thursday night. The resolution refers to the contract the state had with the city of Upland relative to the freeway construction. A map attached to the contract shows the Euclid bridge over the freeway the same full width as the avenue.

BRIDGE IS NARROWER

The bridge is narrower than the avenue and the council and other agencies are seeking to get the alleged error corrected. The resolution calls upon the state to abide by the terms of the contract.

City Attorney Henry M. Busch prepared the resolution and in adopting it the council emphasized the importance of putting as much force as possible into the city's request.

Plans for installation of sprinkler equipment adjacent to the freeway on the avenue were approved by the council. The state will pay for the cost of locating the equipment and for beautifying the area, according to Acting City Manager Elwin Alder. Many pepper trees, the avenue parkway and lawn were removed in the area prior to the start of the freeway construction. In so far as possible, the landscaping, lawn and trees will be placed to add beauty to the freeway approaches, it was pointed out.

OTHER ACTION

Other action by the city council included the following:

Delayed until Feb. 18 decision on a proposed pay increase for the city councilmen.

Decided to maintain the shrubbery along the Pacific Electric right-of-way between Euclid and Third avenues. It was a case of either the P. E. tearing out the shrubbery or for the city to assume its maintenance.

Granted a "loading zone" on the west side of Third avenue immediately south of Ninth street to accommodate tenants of the Grove theatre building.

Granted the American Legion a temporary permit for holding trap shoots on an East Foothill boulevard site.

Approved conditions for the Jack Rabbit Skeet club in using a range at the east terminus of Twentieth street.

Glory of God Shown in Christian Science Sermon

Spiritual activity increases through a realization of God as Soul, according to the lesson-sermon on "Soul" to be read at the 11 o'clock service Sunday morning at the Ontario Christian Science church.

The golden text is from Isaiah: "The sun shall be no more thy light by day; neither for brightness shall the moon give light unto thee; but the Lord shall be unto thee an everlasting light, and thy God thy glory."

FROM INGLEWOOD

Mr. and Mrs. Chester L. Pool have come to Upland from Inglewood and they are residing at 478 North Campus avenue. Mr. Pool is employed by the Northrup corporation at the Ontario International airport.

Termites? Get Good Guarantee

The phrase "Termite Clearance" so widely used and so often misunderstood has been defined by California courts as follows. "A statement in writing, signed by a state licensed Structural Pest Control Operator, that there are no visible infections or infestations of termites or other wood destroying insects or organisms, and that there are no conditions present that would foster the growth and development of same."

The latter portion of the definition is the meat of the whole thing. While it is conceivably possible to overlook an infection or infestation, it is hardly possible that a man who has passed the examination for his license could overlook dirt-filled porches with contacts, form boards and form stakes, debris in the understructure and inadequate ventilation as well as many other items.

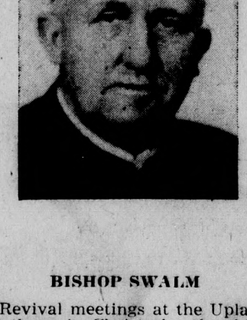

However this happens. In two recent cases in Upland, one on North Fourth avenue, the other on East Eighth street, so-called "Clearances" were issued yet in the case on Fourth avenue, dirt-filled porches with contact exist, and there are form boards and stakes left, also debris in the under structure. On Eighth street, there are dirt-filled porches with contacts.

All that is necessary is for the present owners to demand from the previous owners that the escrow instructions be complied with. Then the necessary work will be performed or the deal may be called off with the previous owner liable for all expense incurred as well as for any profit they may have enjoyed from the deal.

400 District Youth Observing Boy Scout Week

Pay Tribute To Volunteer Adult Leaders, Sponsors of Movement

Upland-Foothill district's more than 400 Boy Scouts, Explorers, Cub scouts and their adult leaders are observing the 44th birthday of the organization during Boy Scout week, February 7-13.

Theme of the observance is "Forward on Liberty's Team," the current major emphasis of the movement, which seeks to produce a greater functioning manpower and provide a higher quality program for its ever-increasing boy membership.

The Upland-Foothill district of the Old Baldy council, is represented on the Council executive committee by Lowell Bartlett, district chairman, and Howard Mason, member-at-large. Jack Hurt, executive director of the Council is also an Uplander.

DISTRICT OFFICERS

Mr. Bartlett is serving his third term as Upland-Foothill district commisioner with Edwin P. Dean in his second term as a vice-commissioner. Committee chairmen are Clinton Thompson, advancement; Howard Mason, finance; Carl Hawthorne, training; Donald E. Maroney, organization and extension, and John B. Atwood, camping and activities.

Commissioners are Herbert E. Hall, Alta Loma; Ted Atwood and Hugh McLellan, Upland, and Herbert Wilson, Cucamonga.

Other members of the district committee are M. K. Smith, Robert Joiner, Earle T. Casler, Harland P. Horak, all of Upland; John Frost, Etiwanda; Harry Ledig, Jr., Alta Loma; John McHenry and Lloyd McCallum, Cucamonga.

TRIBUTE TO LEADERS

A principal activity of Boy Scout week is paying tribute to the volunteer adult leaders of the 9,000 units in all parts of the nation, its possessions and also in other parts of the world where American families live, for the contribution they are making to the boyhood of the nation. Tribute is also paid to the sponsors of the Scout troops.

Many troops and packs of Upland-Foothill district are planning their maior observances of the 44th birthday of Scouting for later in February, according to Jack Hurt, but various programs this week are celebrating Boy Scout week.

Monday night, Boy Scout Pack 3, sponsored by the Sierra Vista PTA, received its charter in a presentation ceremony highlighting Scout week. Cub scout leaders will meet Thursday night for their regular training course session at First Methodist church.

SCOUTING OBSERVANCES

Mr. Hurt was speaker on Scouting at the Monday night meeting of the men's organization of St. Mark's Episcopal church. Boy Scouts of Cucamonga provided a Scouting program for that community's Service club Monday evening, and last night the Etiwanda Service club enjoyed a similar program with Scout John Frost as the speaker. The Scout Jamboree of last summer was the topic at both meetings, illustrated with a film.

Scouts and Cubs of this district are also making preparations for the Old Baldy council Merit Badge show and Cub Craft display February 20 at the Los Pomona.

Attendance at special church services this past Sunday and next Sunday are also activities of local Scouts and Cubs in observance of Boy Scout week.

Devoted Adult Leaders Make Real Effort On Scout Movement

A local mother, who has reared her family and who has already given much time as a leader in the Boy Scouts and Girl Scouts, had expected to retire from this extra-curricular activity. Her associates agreed she deserved retirement, since now her children were well past the scout age.

For a few months she devoted herself only to her household. And then she heard about a large Cub scout group that was about ready to break up because the former leader became ill. For three weeks, the young Cubbers met informally and then they were going to be disbanded—because no leader could be found.

At this point, the local mother got busy. She again assumed the role of leader.

This is Boy Scout week. More than 3,000,000 young fellows are in the Scout movement. While the Scouts merit great praise and recognition, it is the adult volunteer leaders who make the great endeavor so worthwhile.

Many scores of adults in the Upland, Alta Loma, Cucamonga area give so generously of their time and efforts to make possible an outstanding Scout program in this area. The Scout program can be no better than the volunteer leaders.

The mother who is the subject of this comment is only typical of most leaders. These men and women recognize the great influence for good in the lives of the youngsters and the great training the Scouts receive—so they devotedly give so much.

All any boy can know about manhood until he reaches it is what he sees in the men around him. The boy who yearns for the day to come when he can call himself a man, when he can lead his own life and carve his own place in the world, is training himself to be like the men he knows. So it does little good to criticize the younger generations and demand better training for them unless we give them the examples they need.

What lies ahead for the Scouts depends on how much we as adults are willing to put into the organization. As more serve, more can be accomplished.

Here is both an opportunity and a challenge.

Abraham Lincoln . . .

It is a thing of never-ending wonder how so many utterances of Abraham Lincoln go on through the years without the least losing their freshness and force, their depth and inspiration. But it proves that he who touches the chord of truth speaks for eternity.

If Lincoln had never been elected president, if he had never been the nation's leader in its greatest crisis, he would still have been the man of greatness. His years in the White House did not make him what he was; rather it brought out what he was.

Like other men, Lincoln had his faults and his failings. But his virtues—his vision and his courage, his humanity and humility, more than offset what he lacked. He never lost the common touch. He spoke for the masses. He voiced what they felt but could not speak.

Lincoln symbolizes the priciples on which America was founded; the equality of all men, the opportunity for the lowliest to reach the heights, the vigorous support of right, the firm resistance to wrong and the tolerance toward those of differing views.

On the occasion of the 145th anniversary of his birth, the nation pays tribute to one of its greatest and most humble men—Abraham Lincoln.

All higher motives, ideals, conceptions, sentiments in a man are of no account if they do not come forward to strengthen him for the better discharge of the duties which devolve upon him in the ordinary affairs of life.—Henry Ward Beecher.

I think the first virtue is to restrain the tongue; he approaches nearest to the gods who knows how to be silent, even though he is in the right.—Cato.

Robert Larkin Enters Priesthood – Community and Church are Honored

Robert Larkin, a native of Upland, is going to enter the priesthood of the Episcopal church here today.

Since a youngster, the young Uplander has been preparing himself for this event. His life from day to day and his scholastic training were all pointed to the time when he would become a clergyman and for his role of giving religious inspiration to everyone.

This community has furnished many doctors, engineers, civic leaders and leaders in agricultural and other fields. Mr. Larkin, however, is one of the few people in the community who have chosen the religious field and who have completely dedicated their lives to the unselfish role of helping others.

St. Mark's church is the setting for the ceremony that will officially place Mr. Larkin among the ranks of the clergy. This historic church here and its congregation are to be congratulated for the influence on the young Uplander—as well as all of its communicants.

The career of the Rev. Mr. Larkin will be followed closely by all in his home community and it is thrilling to realize that one from among us is devoting his life to the enviable role of a minister.

Getting the Most For The Public Dollar in Practical Public Buildings

If Governor Goodwin Knight's words mean what they say, the new buildings erected by the state of California will be built only for the purpose of serving the public, with little thought given to their artistic appearance—if it is going to cost money to add the "art".

In other words, the public tax money is going to build practical structures that will give the most utility even though they may be austere in appearance.

The governor discussed a program of "reasonable economy" at the convention of the California Newspaper Publishers association in Los Angeles last week. No new taxes will be levied—as far as he is concerned—and his frank enunciation of a strict spending program received wide applause.

The state has a huge reserve fund, sometimes called a "rainy day" account. Rather than raise more taxes, the governor would rather use some of this reserve money, he said.

Due to the huge increase in population, there is a great need for more school buildings, more hospitals, more prisons and other state guildings. California's taxpayers will provide all that is needed—and what is needed is more building space, not lavish expenditure on appearance and extras.

Buildings erected for utility purposes can be reasonably attractive. We hope the governor is always insistant on getting the most for the public dollar.

Prayer Room . . .

There is a proposal in Congress to set aside a room in the Capitol where lawmakers might go to pray. The question might be argued whether such a room is actually necessary, but certainly few congressmen who have sought to wisely decide the tremendous issues thrust before them have not felt the need of prayer. From the earliest years of our country our great leaders have turned to the Almighty for the inspiration to carry them and the Nation through perilous times. Washington and Lincoln prayed often. President Eisenhower in the first words of his Inaugural Address offered a prayer for wisdom and guidance. Prayer, it has been said, is not so much a matter of asking God for something as it is an effort to know the Divine purpose. A room in the Capitol where lawmakers may gain a clearer understanding of that purpose would surely have its benefits.

The soul is a fire that darts its ray through all the senses; it is in this fire that existence consists; all the observations and all the efforts of philosophers ought to turn towards this me, the center of moving power of our sentiments and our ideas.—Madame De Stael.

The more man is educated, the more is it necessary, for the welfare of the State, to instruct him how to make a proper use of his talents. Education is like a double-edged sword. It may be turned to dangerous usages if it is not properly handled.—Wu Ting-Fang.

Add Fourth Jet At Chaffey

To give the 55 men in the advance engine class at Chaffey college training in jets, a fourth jet engine has been added to the equipment of the Chaffey aeronautics engine shops.

Fred Felsch, chairman of the Aeronautics department, reports the enrollment of the entire department, as well as the engine class, has doubled in three years. The new engine is an Allison J35, and axial flow turbo-jet engine used in the F84 Republic planes. This is a new engine valued at $35,000 which has never been run. It was purchased through State surplus for $300. Engine students are building an operating panel and mount.

Three other jets owned by the department include an American-made General Electric one-ton centrifugal type, 10-cylinder model, used in P-80s. The others are one axial-flow German engine and one pulse jet, the type used in the V-2 rocket in Germany, popularly known as the buzz bomb.

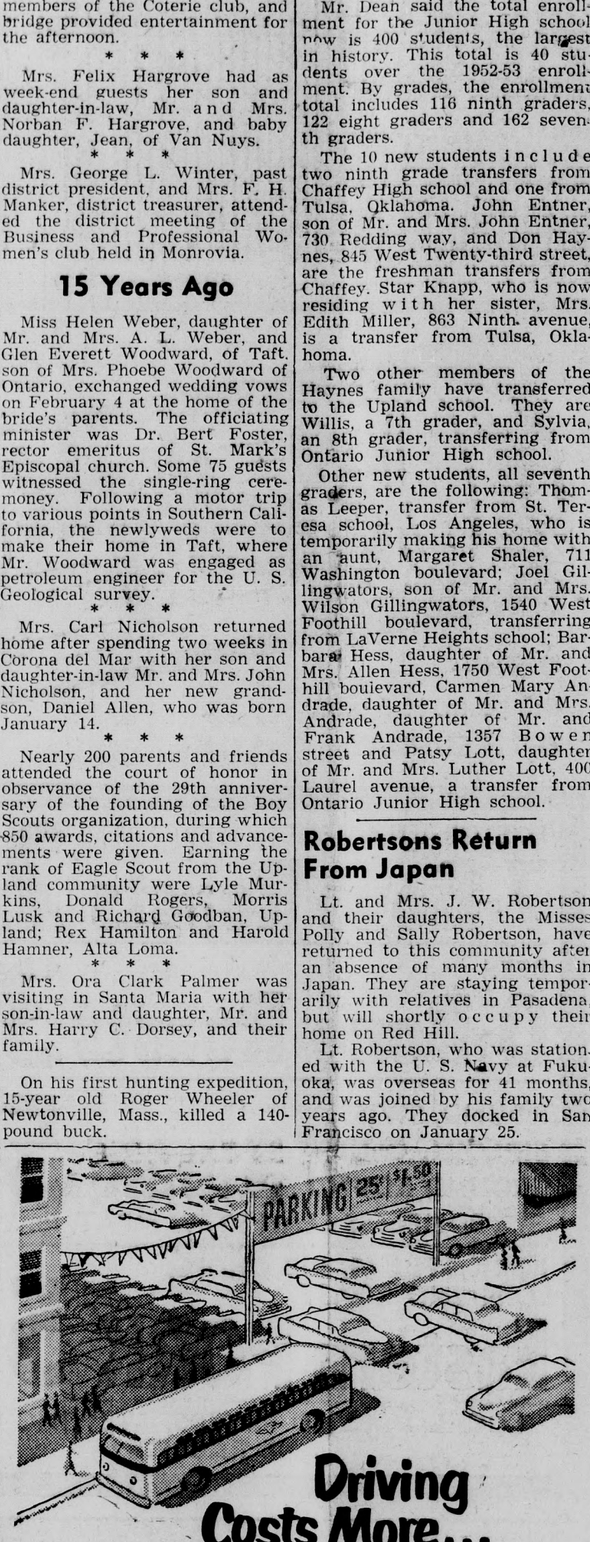

How to get better results with kerosene appliances

There's no need to stand watch over baking in your kerosene range or stay near a kerosene heater or lamp when first lit if you always burn Pearl Oil, Standard's famous kerosene. A Pearl Oil flame does not creep up. It is super-refined . . . impurities removed, maintains even heat, allows smoke and soot-free operation. Pearl Oil burns evenly without "keroseney" fumes, and is a favorite for incubators and brooders. For top results with kerosene appliances, let us supply you with Pearl Oil.

Mrs. Paul M. Stiker Chairman

Red Cross Organizes For Fund Campaign

Mrs. Paul M. Stiker, 2009 North Euclid avenue, fund raising chairman for the Upland chapter, American Red Cross, today announced the 1954 fund campaign starting date as March 1 and the district goal as $10,282.

Mrs. Stiker, with Miss Eunice Mitchell, executive secretary of the chapter, and Col. Dorcey J. Rutherford, chairman of the local chapter, have met recently in Redlands and Riverside with area personnel to plan the 1954 fund drive.

PRIDE IN MEMBERSHIP

Commander John L. Fox, national vice-president of the Red Cross fund raising campaign, was the inspiring speaker at the most recent meeting, enumerating the many and varied fields in which Red Cross affords aid. Commander Fox reminded the workers that although the nation is not at war, servicemen and their families still need assistance in countless emergencies.

Pride in Red Cross membership is being stressed in 1954, with the fund campaign slogan reading, "People Helping Other People."

Mrs. Stiker is now planning details of the fund campaign, and plans to have working material in the hands of workers by February 17. She is stressing Red Cross membership and the need for Uplanders to give to the Upland chapter of the Red Cross instead of to outside chapters.

PRECINCT CAPTAINS

A list of precinct captains was released by Mrs. Stiker, who said captains are still needed for Precincts 3, 4, 12, 15, 16, Etiwanda, Alta Loma, Cucamonga and Mt. Baldy. Persons willing to volunteer as precinct captains are urged to contact Mrs. Stiker immediately.

Captains now enlisted to render this community service include the following, by precincts. Mrs. Kendle M. Hill, Precinct 1; Mr. and Mrs. Jack Clark, 2; Mrs. T. D. Maxwell, 5; Mrs. George Eyer, 6; Mrs. Robert J. Theall, 7; Mrs. Ed Wickstrom, 8; Mrs. Frank Nichols, 9; and Mrs. Eva Moore, 10.

Also James Goodban, 11; Mrs. Vertis Fulton, 13; Mrs. Foster Howell, 14; Mrs. Emma Masker, 17; Mrs. Cletus Gallagher, 18; Jay Snyder, 19; Mr. and Mrs. John Nicholson, 20; Mrs. Leland Davidson, San Antonio heights; Dr. L. C. Hylbert and Mrs. G. H. Ellerbeck, College Heights.

Upland Furniture Co. Represented At Big Furniture Show

Mr. and Mrs. Paul Hottel and their sales manager, Robert Theall, know today more about the future furniture creations as the result of their attendance at the recent Los Angeles spring furniture market.

Many new metallic thread fabrics were observed and also noted was a greater accent on wrought iron influence in the production of modern furniture. Provincial and early American styles were featured very heavily in the exhibit of more than 400 displays.

Seven Injured, Three Seriously, In Auto Crash

Three persons were seriously injured and four others received minor injuries in a two-car traffic collision Sunday night at the intersection of Foothill boulevard and Euclid avenue.

Officers Cecil O. Derr, Richard Carr, Bill Smith and Joseph Blouin investigated the accident and according to their report at Upland Police station, the eastbound auto of Hugh Wayne McDaniel, San Bernardino had halted at Euclid avenue for the traffic signal and was struck from the rear by the eastbound vehicle driven by Louis P. Abric, Jr., of George Air Force Base, Victorville.

According to the report, Abric stated that he must have fallen asleep but couldn't remember what happened.

Mrs. Purdie Rice, San Bernardino, a pasenger in the McDaniel car, suffered a left leg fracture and is confined at San Antonio Community hospital. Abric recieved deep lacerations about the chin and upper lip and chest injuries.

A passenger in the Abric car, Thomas Mulligan, George AFB, sustained injuries including a fractured right foot and a forehead laceration. Both were treated at San Antonio hospital and transfered to George AFB hospital.

McDaniel, his wife and two small daughters, Carrie Alta, 5, and Deborah Lee, 3, received minor injuries and were released from the local hospital to their family physician in San Bernardino.

Bronze Plaque To Mark Site

300 Pine Trees Planted In San Antonio Cnayon By Chaffey Class

Completing a conservation activity begun over the weekend when they planted 300 pine trees under the direction of the Los Angeles County Forestry service, Chaffey high school Botany club members will this weekend erect a bronze plaque at the site at Springhill Flats in San Antonio canyon commemorating the event.

Ranger-Naturalist Lloyd Parratt, who is advisor for the club, served as faculty advisor for the Chaffey high school Conservation week activity.

Botany club members shouldered their picks and shovels as they left the school bus Saturday morning and planted 150 knobcone and 150 Coulter pine seedlings from Los Angeles county nursery. The seedlings were made available from the Los Angeles County Fire department by Captain Connie Finn of the Padua Hills fire station.

According to advisor Parratt the replanting is to be a continuous project from year to year so that the students will replace any trees which do not survive the first season. The planting on Saturday was supervised by Ranger Wiley Messer of the Mt. Baldy area. Supervision of the project was under the direction of R. M. Van Wagener, assistant forester of the Los Angeles county department of forester and fire warden division of forestry.

Members of the Botany club which planted the trees includes the following local students: Marilyn Miller, 175 West Twenty-fifth street; Thomas Baillie, 299 West Seventh street; Shirley Gillum, 1285 West Twenty-fifth street; Jack Harris, 2344 Park boulevard; Cricket Hunt, 1817 West Ninth street; Mary Jane Waterman, 295 South Second avenue, Jose Adame, 130 Ninth avenue, all of Upland; Catherine Motsinger, 9429 La Vine, Alta Loma; Beth Fagg and Jeanne Black, Mt. Baldy.

Dr. Latimer Brings Greetings From R. E. Carltons

Greetings to their friends in Upland were sent here with Dr. James V. Latimer, 361 Drake avenue, by Mr. and Mrs. R. E. Carlton of Coachella late last week.

Dr. Latimer was a houseguest of the former Uplanders when he visited in Coachella to speak on the Education week program of the Coachella Rotary club. Dr. Latimer, a former Baptist missionary to China, spoke on "Education Work in China."

Hubert Humphrey, U. S. Senator from Minnesota: "The Russians have at least the second largest gold reserve in the world."

Dozen Uplanders Mid-Term Grads At Chaffey

A dozen Upland area students are among the largest number of Chaffey high school mid-term graduates ever to complete their work at the end of the first semester. Sixty-eight seniors became eligible for their high school diplomas on January 29.

Mid-term graduates from Upland area include Bennie Sue Boyd, Daryl Dier, Thelma Franklin, Darlene Keefer, Mary Laubach, Ramona Lopez, Marilyn Paulin, Paul Perez, Evedina Rivera and Dorothy Valli, all of Upland; Julia Aleman, Cucamonga, and Kathleen Crass of Alta Loma.

As Chaffey has no mid-term graduation exercises, those students who wish to receive their diplomas with the June graduating class will return for the exercises.

The mid-term graduates completed their work in less than four years in accelerated programs. They are a part of the biggest senior class of 825 students ever enrolled at Chaffey.

A majority of the mid-term Chaffey graduates are continuing their education with second term enrollment at Chaffey college. Some are going to work and others are entering the military service.

Group Guidance Program Begun At Jr. High

A group guidance program is under way at Upland Junior High school with the first weekly 30 minute session held Monday of last week.

Object of the program, according to Alan L. Bescoby, program director, is to give the students a chance to discuss with their classmates and with faculty supervision adolescent problems facing them each day.

DISCOVER SOLUTIONS

Through group discussions, the students are able to see ways of solving their own individual problems, Mr. Bescoby states.

Guidance topics are selected so that all classes of each of the three grade levels, 7-8-9, study the topic suited to their needs simultaneously. The areas of guidance and some sample topics for discussion will include the following:

4. Boy - Girl Relationships — Discussion topics include: Growth and Courtesy, Minding Our Manners, Date Data for Boys, Date Data for Girls and Do I Need A Line?

5. Career Planning — Learning to Work, Home Responsibilities, Working With People and Creative Activities will be discussed by the junior high students in this fifth phase of the guidance program.

The weekly guidance sessions will be held Mondays during first period of the school day.

Panthers Pass 100 Mark In Beating Bears

It was victory night for the Chaffey college Panthers as they hit for a 102-82 triumph over the traveling Bears from Phoenix College Wednesday night.

Jim Wiesen, Clark Goodwin Frank Dorsett and Bill Eblin were responsible for a majority of the scoring column. Grabbing a 22-14 lead in the first quarter the Chaffey cagers swished to a 51-42 halftime lead.

Getting warmer in the second the Phoenicians hit for 28 points to keep the Panthers in competition. The third quarter saw the team battling on fairly even terms but the red-hot Panthers managed to come out on the long end of a 23-21 quarter score to give them a 74-63 lead.

Hitting the hoop for 28 points in the final period, Coach Harvey Shirk's quintet sailed past the 100-point mark with a final score of 102 while the game Bears counted their 82 total.

Eblen hit for 30 points in leading the Panthers scoring. With 27 points to his credit, Wiesen left the game on fouls in the fourth. Goodwin accounted for 16 points and Dorsett added 13.

Chaffey's junior varsity took an 84-44 trouncing from Thompson's Furniture cagers in the preliminary. The winners were paced by Earl Wiesen and Dick Dettter, with 24 and 23 points, respectively. Jim Grave contributed 13 and Dave Gable tallied 11 to lead the Panther jayvees.

Panthers Lash Tigers, 92-67

Coach Harvey Shirk's Panther five retained their fifth place standing in Eastern Conference basketball play and assured Riverside of sole possession of the cellar, with an 0-8 record, in the 92-67 point lashing dealt the Bengals Friday night.

It was the third EC victory for the Chaffey collegians, who once shared the basement with Riverside. Jim Wiesen and Bill Eblen again shared scoring laurels with Eblen hooping 33 points and Wiesen sending 24 points through the bucket.

Eblen threatens to shatter the EC scoring record of 22.5 established only last season by Don Wiechedel of Riverside. The towering Panther star ran his EC leadership to 182 points with his 33 points against the Tigers. for an average of 22.7 in eight games. Wiesen's 24 points ran his total to 171 for a 24.2 eight game average.

Rocketing to a 25-11 first quarter lead, the Panthers widened the margin with a 41-27 intermission lead. By the end of the third stanza, the Chaffeyans led, 68-46. Eblen, Wiesen and Frank Dorsett led their teamates in jumping into the lead and maintained it all the way. The Chaffey reserves saw plenty of action as Coach Shirk substituted freely.

The Panther defense limited the Bengal shooting to 46 attempts, with 23 hits giving the losers a 50 per cent average for the game. Shooting 73 times, the Panthers hooped 34 for a 46.5 average but on charities connected on 82 per cent of the attempts. Riverside counted 61 percent of their free tosses.

Jayvee A Five After Eastern Division Crown

Just one more win and the Eastern division crown of the San Gabriel Valley league for junior varsity A teams will be worn by the Jayvee A's of Upland Junior High School.

The Raider basketball team was to have played Glendora there yesterday afternoon to decide the championship. With its 42-34 win over Azusa last Wednesday, the Upland five was assured of a tie for first place. A win over Glendora would place the local cagers in undisputed first place. They now boast a four-win League season.

Coach Jim Blake's quint trailed a League team for the first time this season as the Azusa team jumped into a first quarter lead. The Raiders soon rallied, however, and sailed to victory with Lloyd Hunter bagging 17 points and Philip Caldera hitting for 16. Hunter fouled out in the fourth quarter.

If the locals are victors over Glendora, they will play the Western division champions for the San Gabriel Valley league championship.

Richard Hemsley continued his scoring lead with 23 points. The Raiders led 35-15 at halftime and were never seriously threatened. Concluding Mt. Baldy league play with the victory, the Raiders finished in fourth place with three wins and five losses.

Sheriff Mueller Seeks Reelection

Sheriff Eugene L. Mueller is today a candidate for reelection, his announcement referring to the problems of his first term and of his determination "to work for the improvement of good public service."

Mr. Mueller served Upland as police chief and four years ago was elected to the head of the county's chief law enforcement organization.

His statement follows:

"In the belief that the good people of our county desire to continue good, efficient law enforcement with clean government, and because I have sincerely tried to enforce the laws fairly, firmly, and impartially, and with economy commensurate with good public service, always having the common interest of all the people foremost in my heart, I announce my candidacy for re-election as Sheriff of San Bernardino county.

"During my first term of office I was faced with many problems in modernizing and reorganizing the Sheriff's Office, most of which have been overcome. Our deputies, under our new, modern, organized procedures with in-service training, are doing a tremendous job. I will continue to work for the improvement of good public service.

"Pledging my continued efforts to serve you to the best of my ability with fair, firm, and impartial enforcement of the laws, consistent with economic administration, I seek the support of all the good citizens of our county."
